

GEMONA TRADING & INVESTMENTS S.A.E.

GEMONA, is a joint stock company incorporated under the Laws of the Republic of Egypt in 2022, with a vision to become 'A Trusted Egyptian Agri commodity and FMCG exporter, importer and distributor'.

Associated with recognized international trading setups across the globe, and a vast experience of international trading, value-add processing and local distribution, GEMONA embarked on a journey to establish distribution of a selective portfolio of imported and locally sourced Agri commodities & FMCG. While we continue to expand presence across the Egypt market, GEMONA is developing sustainable export opportunities that offer support and synergies to our import business activities.

GEMONA stays focused on development of its distribution capabilities through association with recognized marketplaces and fulfilment centers, aims to launch its own brand for a selective portfolio of Agri commodities and FMCG to ensure sustainable quality of the products delivered to our market channels, while pursuing diversification into construction materials.

SEEDI BRAND/PRODUCT BRIEF

OUR STORY

In the heart of fertile lands, where the sun shines brightly and the earth is rich and abundant, a story unfolds. It's a tale of sustenance, of nourishing lives and communities.

From the tiny seeds planted with care, a symphony of flavors begins to grow. Golden grains sway in the gentle breeze, vibrant fruits ripen under the warm sun, and aromatic spices fill the air. Each plant, each crop, is a testament to nature's artistry. As the harvest season arrives, the produce is carefully sorted, cleaned, and prepared.

Every step is a celebration of quality, a commitment to providing nourishment that is both wholesome and delicious. From the seed to the table, the journey of these products is a testament to '**brand's name**' unwavering dedication to excellence. It's a story of nature's bounty, human ingenuity, and a passion for providing nourishment that nourishes not only the body but also the soul.
